Apresentation Letter

GONCALOSCRAVO

f   ⓞ

Hello, I'm Gonçalo, 27-year-old, with a Bachelor's degree

in Business Management, professional experience in

accounting and a passion for technology.

I've always been curious about programming, so my journey

into the world of software development began when

I embarked on a backend development course at Mindera.

During this immersive experience, I learned essential

technologies, including Java, Spring Boot, Quarkus, MySQL,

Maven, and Docker.

Throughout my journey at Backend Bootcamp,

I was adding projects to my Github.

These are some projects that I would like to make

a brief presentation on.

Github Projects

Events Management Backend

Technologies: Java, Spring Boot, Mysql, Maven, Docker, Junit5 and Mockito.

Github Events Management

Diabetic Care Backend

Technologies: Java, Spring Boot, Mysql, Maven, Docker, Junit5 and Mockito.

Github Diabetic App

Ecommerce Backend

Technologies: Java, Quarkus, Mysql, Maven, Docker and Junit5

Github Ecommerce

Food Delivery Backend with RabbitMq

Technologies: Java, Spring Boot, RabbitMQ, Maven, Docker, Mysql and Junit5

Github Food delivery RabbitMQ

Ecommerce Backend with Kafka

Technologies: Java, Spring Boot, Apache Kafka, Mysql, Maven, Docker and Junit5

Github Ecommerce Kafka

The Sims

Technologies: Java

Github The Sims

These are my main projects that I present in my portfolio. I am grateful for your attention.

Gonçalo Cravo
